

bulk billed Mammography

UNIRADIOLOGY

Uniradiology offers superior quality Mammography services with **bulk billing** available to all Medicare eligible patients.

We employ a mammography system that is highly versatile and equipped for special views, magnification and digital stereotactic biopsies; designed for perfect patient accessibility and superior image quality.

Coupled with our high quality Ultrasound services, Uniradiology Mammography services are the perfect partner for your women's healthcare regime.

Due to Medicare eligibility requirements , **appointments must be made in advance.**

Where quality and value unite.

Delivery of patient media

Ordinarily patients can expect to have their results back to their referring physician within 24 hours. Results are delivered either electronically, by courier or the patient can take their images at the time of their examination. **Medically Urgent cases** will always be prioritised and should be back at the patient's referring physician or any subsequent relevant medical personnel within 2 hours post completion of the patients examination.

Uniradiology happily deliver films or CD's to practices who accept delivery of patient media; in most cases the patient will be given the images at the time of the scan. Reports will then be forwarded to the referring practice.
